Chasing the Waves

On October 19, 2015, the senior class of 2016 ventured out of school for their annual senior walk down to Nauset Light Beach for the class photo. Despite it being the coldest day of fall, everyone toughened up, and made the best of it. Since seniors were missing extension block B3, they were more than happy to show their pride with their T-shirts that said "Seniors."

Jenny Tulloch and Caley Fry embrace the cold during the senior walk to the beach (above).

Looking Back...

Four years, long and fast, fun and hard, we've survived.
Now looking back, no regrets, we made it great.

As ***freshmen*** we faced our fears of entering high school.
We all had to adjust to the new environment with hopeful minds.
As December 2012 came around we thought that the world was going to end.
Thinking about it now, we can just laugh it off.

As ***sophomores*** we had a better grip of how it felt to be in high school.
During homecoming week, students started the "Anti- Homecoming" dance.
Most of us began our journey of getting a license, starting with drivers ed.

As ***juniors*** we were all very excited to finally be upperclassmen.
We were anxious knowing PSAT's and SAT's was in our future.
Towards the end of the year, the idea of college was all around us.

As ***SENIORS*** of 2016 we are finally at the top and graduation is on our minds.
Life is stressful with applying to colleges and waiting for acceptance letters.
All the while, we wrote "SENIORS 2016" on our cars for our last homecoming week.

We are the new wave of American culture
We are the future.

- Madison Adam & Haley Navarro

The Door in the Dark

In going from room to room in the dark,
I reached out blindly to save my face,
But neglected, however lightly, to lace
My fingers and close my arms in an arc.

And hit me a blow in the head so hard
I had my native simile jarred.

So people and things don't pair any more
With what they used to pair with before.

History...

SWS began a quarter of a century ago. It was the result of efforts by students, parents, faculty, community members, and town officials, who were seeking a more, community-based education. This marked the beginning of a true alternative to traditional programming whose educational priorities issue from a different academic paradigm. While maintaining a small community environment, SWS encourages it's students to take advantage of any of the resources available in the program in order to help them meet individual needs. SWS will continue to evolve in response to changing needs of our population.

School Within a School

School within a school, also known as SWS gives students the opportunity to experience school in a different way. This course is a combination of history and english through projects and hands on work. A portion of the class is dedicated to taking field trips that help bring the students closer together and better their education. The teachers, Diane Keon, Karen Novacon, Julie Quigley and Paul Davies all work together to create a special bond between them and their students.

The SWS class of juniors stop to enjoy the view while on their trip to the White Mountains over the summer. The purpose of this trip was for everyone to get together and have a fun start to their upcoming year as a group.

The Nauset chapter of the National Honor Society invites students with a 3.5 GPA and a commitment to the pillars of academic excellence, community service, leadership and character to apply during their junior year. Members spend many hours volunteering for the peer tutoring program, offering help in all subjects before and after school. This year, these students extended this tutoring to include a special freshmen exam prep program. NHS members also help with the annual blood drives, food drives, the Ragnar Race and at the senior center.

Farm and Sea To Table

Photography teacher Mrs. Campbell's son Max is curious about the oysters! (below)

Nauset's first "Farm and Sea-to-Table," on October 13, 2015, was a huge success! Everyone in attendance had a great time, loved the event and were excited about spreading the word for next year. Restaurant owners who had food stations were very happy to participate, impressed with the student volunteers, and helped contribute ideas for next year!

Sarah Foley, Keala Boland, Sofia Pompo and Emma Lang work hard in the kitchen preparing for the event. (above)

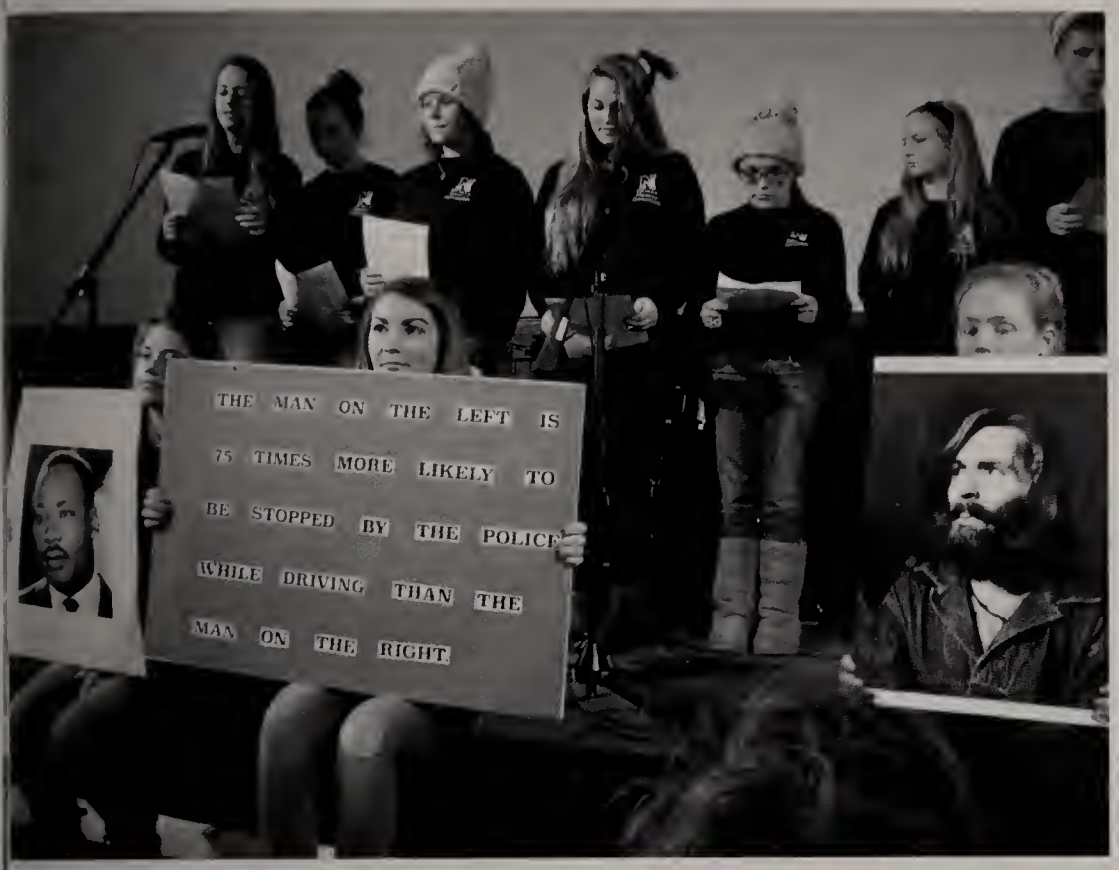
Nauset's Human Rights Academy



Human Rights Academy members presenting at the MLK celebration in Wellfleet. This year there were 28 members of the academy. Their mission is to educate around issues of social justice on the Cape and beyond (above).

Led by instructor Lisa Brown, Nauset Human Rights Academy is an after school program whose mission is to educate and inform the student body of human rights issues locally, nationally and globally. Sponsored by the Human Rights Commission, we meet with other Cape schools twice a year to support and share ideas, projects, and information pertaining to Human Rights and Social Justice, and to mount projects in our subsequent communities that impact human rights and humanitarian work. We participate in Wellfleet's MLKj DAY, we have created anti-bullying programs for the area's schools, educated students about human trafficking, participated in the Get Empathy training program, support Haiti initiatives, and are going to The Hague this late spring on a global Human Rights Summit.

Community Awareness

Community Service is very important to Nauset. With well over one hundred students completing 100 hours or more of community service in one year, it is clear what giving back means to Nauset students. When a student achieves this, they receive a brick with their name on it. With an additional 100 hours, a gold "N" is placed on the brick. Some students even have four "N's", for a total of 500 hours. Students participate in school organized service events, as well as events that they do on their own time in the community to accumulate these hours.

NAUSET PLAYERS

The **Nauset Players** took on Shakespeare this fall and an emotionally difficult play for their METG festival play. ***As You Like It*** was a great comedy set in 1969, which started off the 2015-2016 school year great. The music was fun and the characters even more so. For their competition play, the Honors Acting class performed ***Good Kids*** by Naomi Iizuka. This play portrayed the events of sexual assault at a high school party, which raised awareness about this important issue, along with Lisa Brown's EARD classes and the Human Rights Academy. Next up for the spring is ***Grease!***

The cast of ***Good Kids*** closes their first show with a moving performance of "Til it Happnes To You" by Lady Gaga. Tess LeConey takes the lead role of Chloe (right). Gina Trott plays Skyler, a non-party goer who called the police on the football team after the party (right).

Ireland 2016

April 18th- 25th, many orchestra students and faculty traveled to Ireland to compete in multiple competitions. They visited Shannon, Dublin, Limerick and Cork. From looking at Ancient castles that once looked magical, to Cliffs that have breathtaking views. Students got the taste of Ireland's famous black and white pudding, blood sausage and their traditional Irish tea. Also true Irish music performances by native Irish musicians. The music department students got the chance of a lifetime to visit Ireland.

ROME MMXVI

In February, thirteen Nauset students visited the Eternal City of Rome on a ten-day trip led by Mr. Mulholland. They visited all the expected highlights such as the Colosseum, St. Peter's Basilica, the Vatican Museums, and the Roman Forum. They also enjoyed the richness and beauty of other important sites including the Galeria Bourghese, a fabulous collection of the artwork of Bernini, Caravaggio, and Raphael, the Capitoline Museums, home to some of the world's most famous ancient and Renaissance art, and the Via Appia Antica, a two thousand year old road decorated by ancient Roman tombs with gorgeous pastoral scenes and views of the city from the outskirts.

On the last Thursday of the trip they traveled south to Pompeii and visited the still-intact ancient port city that lies at the foot of the volcano Vesuvius, whose eruption in 79 C.E. sealed Pompeii's fate forever.

All of the students from the trip, including Mr. Mulholland, pose for a picture in front of the majestic city (top).

South Africa 2016

April 11th-24th, a group of Nauset juniors and seniors traveled to South Africa to tour the many amazing parts of it. They visited Cape Town, Johannesburg, and the Kruger National Park. During their stay there, they went on a safari, visited the jail where Nelson Mandela stayed, and took a tour of the Apartheid museum. Amidst visiting the many beautiful areas, they did community service work with underprivileged kids and brought them school supplies. These kids had a trip that they will never forget! The trip was made possible by the efforts of Mrs. McMillin.

Emily Fowler, our Daughter, our Sister

As you graduate High School we, your family, want to tell you how proud of you we are. We want to make sure you know that we hope you never change and always remember to be your wonderful self.

Life is measured by more than just years. It's measured by good times and bad. It's measured by laughter and tears. It's measured by contentment, hard times , disappointment, frustration, and dreams that come true. You have always managed to learn something from every thing you experience and that gift, in itself, gives you the tools to have a successful life.

Emily , You are a mature, responsible, fun, considerate young woman. You have wonderful morals and values which earns you great respect from those around you. Your success will not just be measured by all that you accomplish in the future but by how much you learn and the people who's lives you touch along the way. Your success will be measured by how hard you fight for your morals and values. Your success will be measure by the balance you keep of all these things.

You are such a great person Emily. You are going to do great things and have a positive influence on our world. Always be brave and know that you can be anything you want to be. Live each day to the fullest. Cherish your life.

Your family will always stand by your side and support you. We will always be there for you just as you are there for us. We are so proud of you and have great faith in the choices you will make for yourself. We couldn't be more excited just imagining the possibilities of all you will accomplish in the future.

meghan TRAINOR

Nauset alumnist, Meghan Trainor, shot into stardome in 2014 and has been on the road to greater success ever since. Unbeknownst to the students, Trainor had planned a private performance for the student body to be filmed for CBS's Sunday Morning program. In addition, an interview was conducted by her former band teacher Mr. Faris and with her former American Sign Language teacher, Mrs. DeStefano, interpreting. She talked about her time in Nashville and getting signed by music producer LA Reid. Following the interview, Meghan took questions from the audience where student Sam McGough bravely asked her to prom. Other questions consisted of what her high school experience was like, how she is adjusting to fame, and who was the most famous person she has ever met? During her performace she sang two hit singles "All About That Bass" and "Lips Are Movin". Before leaving, she called for students to join her on stage as backup dancers and singers. At the end of the school day, she graciously took selfies and signed autographs before catching a flight to her hometown Nantucket.

Yearbook Staff

Since the first day of school, the yearbook staff has been hard at work gathering materials, photos and information to create a book of memories that the Senior Class will treasure. Our theme this year, ***A Change in Wavelengths,*** was created as a goodbye to our seniors. It symbolizes all of the changes students' experience throughout their high school years and then beyond. ***Special thanks*** to our yearbook advisor, Mrs. McGown, administration, Mrs. LaBranche, guidance, teachers, coaches, and photographers, Anton Anderson and Bill Johnson. This project would not be possible without all the help and support of everyone.

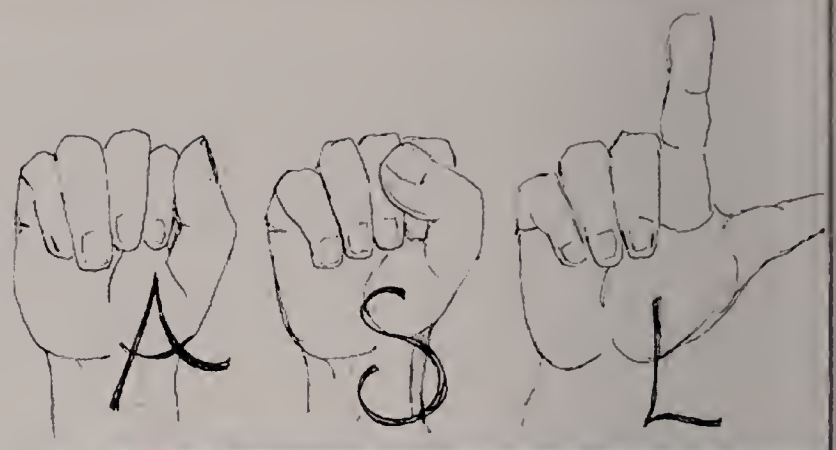
thank you

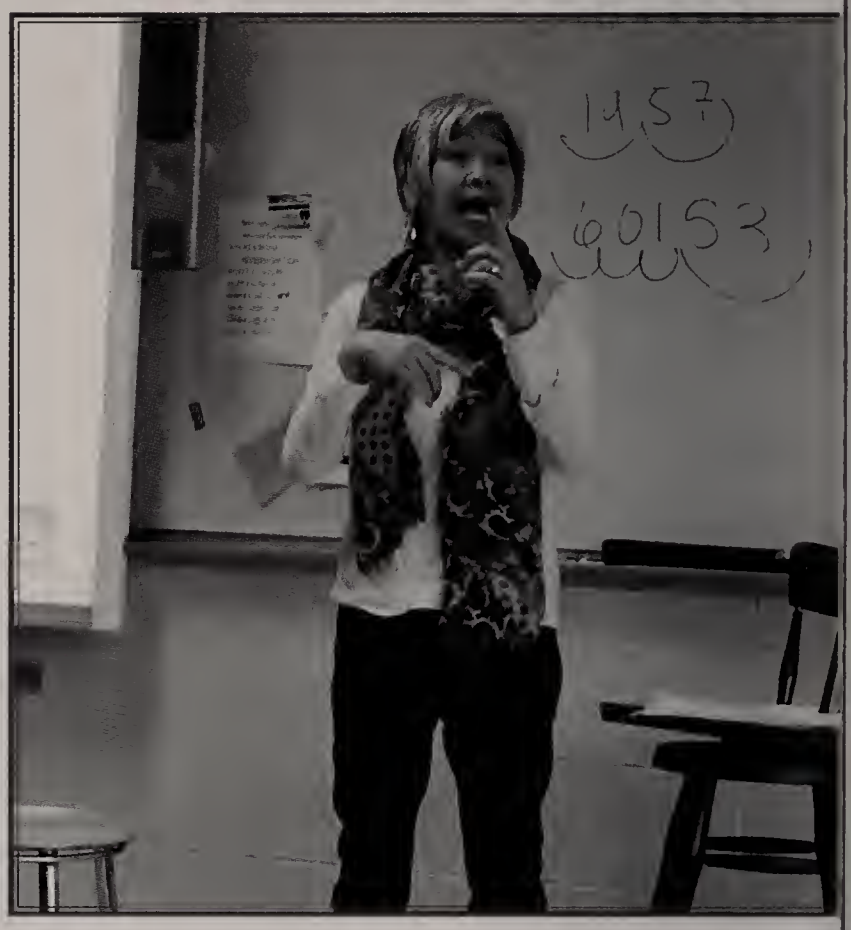
Mrs. DeStefano



For the past ten years, Mrs. DeStefano has been an admired and respected ASL teacher at Nauset. She also is our FCA (Fellowship of Christian Athletes) sponsor, and a student advisor. Before coming to Nauset, she was a teacher for the deaf on Cape Cod for 20 years. Her love for American Sign Language led her to study, practice and eventually teach deaf education, enriching the lives of so many.

Mrs. D is involved with many community services such as FCA which meets every other Wednesday morning to talk about how important it is to balance sports and faith in one's life. She and her husband were offered a position to be the student industry leaders for the local Brewster Bapist Church. When asked what her favorite Nauset memory was, she didn't hesitate with her response. She loved watching her two sons Frankie and Gabriel play football every friday night under the lights.

Compassionate, intelligent, supportive, and kind-hearted are just a few of words to describe Mrs. DeStefano. With sincere appreciation for all she gives to our students and staff, we ***Dedicate the 2016 Yearbook*** to Mrs. DeStefano.



Alummist, Meghan Trainor visited Nauset recently and Mrs. D had the honor of interpreting for her as she performed for the student body.
